Year 2017 is a year of opportunity or crisis? **K-LINK International** firmly believes that as long as we are prepared and map out the strategy, every crisis can be our opportunity.

A new year, a new beginning. In hope of achieving glorious results in the year 2017, **K-LINK International** has made a good start by introducing an all-new mobile application called "K-LINK Konet".

Considering the rapid development of enterprise informatization and internet technology, e-commerce has become a vital channel in boosting the competitiveness of a company. Hence, **K-LINK International** has advanced with the times and created a mobile application which has many features and is simple to use, it enables the distributors to manage their business through their hand phones or tablets anytime anywhere. Not only that, its real-time information system provides the best service and recommendations to our customers, making it viable across different time zones and borders. It truly satisfied the vision of "Your Global Link". We believe this app can help benefit our distributors while help boost their sales tremendously.

To our beloved comrades,

K-LINK International vows to come out with amazing plans in future for the benefit of our distributors. We will expand our market to many more countries while launching high quality products to all the people around us, making them healthier and happier. We have launched a new product recently - K-Cenzyme Plus - Botanical Beverage Mix of Orange with Apricot. It is rich in 72 types of fruits and vegetables enzymes, as well as a highly alkaline health drink. Besides that, it can help in body detoxification and to enhance the absorption of nutrients in our body to provide maximum health benefits to everyone.

Lastly, **K-LINK International** wishes to congratulate all the recognized leaders during the 16th Anniversary Celebration. We are proud of your incredible achievements! We are looking forward to see more leaders to achieve the "Strong Discipline Ignites Huge Success" motto in the year 2017.

'A new year, a new opportunity' symbolizes the abundance of opportunities available in the year of the rooster. We have to grab hold of this opportunity to build a better life. Finally, **K-LINK International** wishes everyone a Happy Rooster New Year! Gong Xi Fa Cai!

STRONG DISCIPLINE IGNITES HUGE SUCCESS

With our motivational motto in 2017, "Strong Discipline Ignites Huge Success", we emphasize on adopting discipline in developing our **K-LINK** career because we believe that the level of success is determined by the level of discipline. On our journey to success, we are bound to encounter numerous obstacles. Only by adopting strong discipline and focus can one stay on course to overcome all the challenges in life. This logo has been designed with an eagle on top, symbolizing strength - a major quality needed in maintaining discipline, while its wings signifies our dream of soaring to the peak of success. The globe in the middle denote our goal of being a global leader in the MLM industry, while the crown above the globe symbolizes the accomplishment each of our leaders should aspire to achieve.
