The dream of building a global network is gradually approaching and in-line with **K-LINK International** vision of "Your Global Link", this is because recently we have successfully penetrated the Laos market by adding a new international master stockist. This market has received full support from Prince Vinaythong Theutkiet Souphanouvong and he is now the Director Chairman of **K-LINK Laos**. For **K-LINK**, our goal is to continue penetrating even more international market in hope of spreading the mission of health care and beauty care for people wellbeing, as well as helping everyone to achieve their entrepreneurial dream and marching towards success.

In the **K-LINK** platform, we are helping people with dreams even though they are lack in qualification, experience and methods, but with the help and support of K-System, they are able to realize their dreams and value of life, while changing their destiny and obtain a life of happiness! **K-LINK** vision is to expand the South East Asia market such as Myanmar, Bangladesh, and Laos and so on in these two years in hope of helping more ordinary people to become extraordinary entrepreneurs.

In these few years, many companies which involved in 'Money Game' scheme and get-rich-quick scheme appeared in the market, many of them claimed to be legit companies by disguising as MLM companies. Their actions have deteriorated MLM industry name and reputation, it has since threatened legit companies like us and caused panic, worries and confusion among the public who wish to venture into the MLM field.

**K-LINK International** is a licensed MLM company which has been in the business for 17 years, not to mention to be able to obtain an AJL license from the Ministry of Domestic Trade, Cooperative and Consumerism (MDTCC) this year. Hence, do not hesitate to make **K-LINK International** as your lifetime career. Now, **K-LINK** has succeeded in expanding its market to more than 40 countries, in fact, we also built a strong **K-LINK** brand and cemented firmly in the international market.

We should strive in every field in order to obtain the best result, it is the same for the MLM field, you reap what you sow. **K-LINK** not only leading your career towards a global market, it also brings you to travel around the world. For instance, on the upcoming month of August, a **K-LINK** Incentive Trip will bring our members to New Zealand and Australia. Qualified leaders can relax and enjoy the amazing landscape and unique culture of the southern hemisphere. If you wish to enjoy all of these with **K-LINK**, then join this big family now. Let us strive together by taking a huge step forward in this network and towards a further destination in hope of building a wonderful future!

### STRONG DISCIPLINE IGNITES HUGE SUCCESS

With our motivational motto in 2017, "Strong Discipline Ignites Huge Success", we emphasize on adopting discipline in developing our **K-LINK** career because we believe that the level of success is determined by the level of discipline. On our journey to success, we are bound to encounter numerous obstacles. Only by adopting strong discipline and focus can one stay on course to overcome all the challenges in life. This logo has been designed with an eagle on top, symbolizing strength - a major quality needed in maintaining discipline, while its wings signifies our dream of soaring to the peak of success. The globe in the middle denote our goal of being a global leader in the MLM industry, while the crown above the globe symbolizes the accomplishment each of our leaders should aspire to achieve.
